

SETTING UP YOUR SCHOOL LAPTOP

Note: You received (1) Chromebook and (1) Adapter charger. Username and Password will be provided to you by school staff either by handout or sent via email.

1. Locate and plug in power adapter to Chromebook, and the other end into a power outlet.
2. Locate power button, which may be located on the top right corner of the keyboard or on the side of the Chromebook.
3. On the Network not available screen:
 - Select the name of the WIFI network you would like to connect to.
 - If prompted enter the WIFI password.
 - Click Connect.

HAPPY LEARNING!!!
